Hanoi, 26 January 2021

FIRST ANNOUNCEMENT AND CALL FOR THE PAPERS

On the publication of 02 issues in the journal of Mining and Earth sciences

Towards the 55th anniversary of the Department of Drilling and Production

Over 55 years of construction and development (1966-2021), Department of Drilling and Production, Hanoi University of Mining and Geology has grown continually, trained and provided the qualified human resources for the development of the country. Towards the 55th anniversary of the establishment of the Department of Drilling and Production, Hanoi University of Mining and Geology organizes the edition and publication 2 issues of the Journal of Mining and Earth Sciences (ISSN 1859-1469):

- **01 issue in Vietnamese** with the topic “Department of Drilling and Production- 55 years of training and development” released in June 2021.

- **01 issue in English** with the topic “ Petroleum and Energy” released in September 2021.

This is an opportunity for domestic and foreign scientists, experts and managers to introduce new scientific research results, exchange information, discuss and propose ideas, new research directions, strengthen cooperation in management, training, scientific research, and technology transfer, towards international integration and development in the fields of Solid Minerals, Petroleum, Groundwater and Energy.

1. The main scientific topics:

Scientific papers focus on the following topics, but are not limited to:

For the Vietnamese issue:

- Petroleum drilling engineering;
- Petroleum production engineering;
- Petroleum reservoir engineering;
- Oil and gas gathering, treatment, transportation and storage engineering;
- Exploration drilling engineering for solid minerals;
- Engineering geological investigation drilling and geotechnical well drilling technique;
- Exploration drilling and production technique for underground water.

For the English issue:

- Petroleum exploration engineering;
- Petroleum drilling engineering;

- Petroleum production engineering;
- Petroleum reservoir engineering;
- Oil and gas gathering, treatment, transportation and storage engineering;
- Oil and gas processing;
- Unconventional oil and gas energy source;
- Renewable energy.

2. The important dates:

For the Vietnamese issue:

- 15th of February 2021: Abstract submission deadline
- 20th of February 2021: Notification of acceptance
- 1st of April 2021: Full paper submission deadline.

For the English issue:

- 1st of March 2021: Abstract submission deadline
- 1st of April 2021: Notification of acceptance
- 1st of July 2021: Full paper submission deadline.

3. Writing rules:

The author submits the manuscript in digital file format.doc to the secretariat via email khoankhaithac@humg.edu.vn

The paper includes the following sections: (1) *Paper title*: Reflect accurately on the content of the paper and easy to understand, avoid using abbreviations, formulas and difficult words; (2) *Author's name* (Lower case, capital letter, listing all names and full names of authors); (3) *Address of author* (Department, Faculty, (School, Division, Institute), Company, Group, Country, e-mail address); (4) *Author contact* (provide e-mail and phone address); (5) *Summary* (in lowercase letters, not more than 300 words): Stating the purpose of the study, the scope of the study, the research method, the main results; (6) *Keywords*: Provide 3-5 keywords; (7) *General introduction*: Overview of research issues, unresolved shortcomings, a summary of the main work done in research, main results achieved; (8) *Theoretical foundations and research methods*: Stating the research method, research facilities, research content that has been done; (9) *Results, analysis of results, discussion*: This section aims to interpret, analyse results, advantages and limitations, clearly separate data and inference, the relationship between research results of the author with results of other scientists in previous studies; The data is presented in the form of tables, graphs, pictures, etc. (10) *Conclusion*: Summary of main results achieved, recommendations (if any); (11) *Acknowledgments (if any)*: The authors acknowledged the contributions of organizations and individuals to help improve the study; (12) *Reference list*: Only list the documents cited in the paper; citation documents must be of clear origin, have been approved by the evaluation board, have been criticized

and published before; (13) *Abstract* (Translate the title of the paper, the name of the author, the agency and the summary of the paper's content into English if the paper is in Vietnamese); (14) *Keywords* (English translation keywords); (15) *Appendix*(if any).

Properly, paper size: The paper is written on Microsoft Word (Unicode code, Times New Roman font, size 10 pt), A4 paper size, no more than 6 pages, single line spacing, 6pt space, upper margin 3cm, 3cm bottom margin, left margin 3cm, right margin 3cm, page numbered (bottom, middle of the page).

Math formulas: Math formulas are written according to Equation Editor or Math Type and are numbered on the right side. The parameters in formulas must be clearly defined.

Drawing: Drawings must comply with technical drawing regulations. All papers with maps of each region or country need to be drawn according to the correct form, in accordance with current regulations, with a scale, with clear place-notes according to current regulations. Figures must be sharp, numbered and clearly instructed. Required resolution of continuous colour drawings (300 dpi), line drawings (800 dpi), composite drawings (700 dpi).

Tables: Tables must be numbered and contain clear instructions, prepared with applications that ensure that they can be edited.

References: References are placed right after the conclusion of the paper, sorted alphabetically by the first author's full name. Here is how to list several types of references:

Paper published in the journal: Author's name, publication year. Title of the paper. Journal title (italic) volume (period), from the page ... to page ...

Workshop paper: Author name, publication year. Title of the paper. Name of Conference, Workshop (italic), date and place of meeting, place of publication. From page ... to page ...

Reference books: Name of author, editor (if any), year of publication. Full title (including title, if any, italic). Volume (if any), reprint (if any), publisher and publisher (city, country) and referenced page number, or page number of the book is referenced in full.

Scientific report: Author's name, publication year. Report name. Report type (in italics), meeting place, publisher, and page number referenced or page number of the report if referenced in full.

Undergraduate Dissertation, Master Thesis, Doctoral Thesis: Author's name, year of publication. Thesis title (italic). Type of dissertation, thesis, place of publication, number of pages referenced or number of pages of theses, theses if the entire reference is available.

How to cite references: The references cited in the paper are in the following format: Author name, year of publication of the citation (e.g., Barton, 1990; Tran Van A and Nguyen Van B, 2005; Hall et al, 2018; ...). If there are many citations in a paragraph, the references are separated by ';' (see the example on the line above).

All questions, abstracts and full paper should be sent to the Secretariat:
Department of Drilling and Production, Oil and Gas Faculty, Hanoi University of Mining and Geology, Duc Thang Ward, Bac Tu Liem District, Hanoi;
Tel: (+84)24.37.52.09.62;

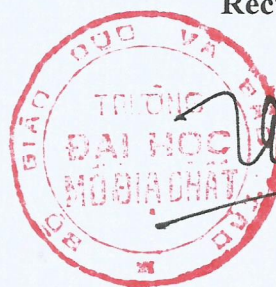

Email: khoankhaithac@hmg.edu.vn

Hanoi University of Mining and Geology sincerely looking forward to receiving the participation and support of units and scientists for the best quality magazine issues.

Recipients: *nguy*

- Board of Presidency (for steering operations);
- Other Units (for performance activity);
- Save: HCTH, DK, XB.

Rector

GS.TS Trần Thanh Hải
